

## 2017 Citizen Survey

Late last year, the City of Pearland worked with an outside vendor to conduct its biennial Citizen Survey. The statistically-valid survey provides an opportunity to connect with community members and gain a better understanding with qualified data of opinions on City services and the perceptions of quality of life. The results are used by Pearland leaders to identify challenges and to plan for and evaluate improvements and to sustain services and amenities for long-term success.

of residents rate City parks as excellent / very good.
