EXECUTIVE SUMMARY

BACKGROUND

As a part of the annual budget process, City staff make necessary changes or additional in fees in order to cover the cost of services being provided. The FY23 proposed budget reflected the rate increase, which was agreed to by Frontier Waste on 9/6/22. No budget adjustments are necessary, and the fee schedule has been adjusted to reflect the proposed rate increases.

The changes being made to the fee schedule are outlined in the attached memo and were discussed on previous budget meetings.

Attention: There is one additional fee change being added to the proposed non-development fee schedule that has not been previously presented to Council. As per Frontier Waste Solutions contract, they are entitled to request a fee increase based upon the Urban Consumer - Garbage and Trash Collection CPI Index for the Houston MSA. The CPI increase for FY23 is 5.4%. On September 6th Frontier Waste transmitted the updates rates to the City of Pearland (attached). There is no need to adjust the Solid Waste Fund budget, as it was proposed with the increase already built-in.

There are no fee changes proposed for the Development Fee Schedule, and thus no new ordinance needs to be adopted. The previously adopted Development Fee Schedule will remain in effect.

RE: Annual Rate Adjustment Rate Table

Laurie, here is fully calculated table reflecting the 5.4% increase to the initial contract rates. The spreadsheet says "1.054" for multiplication purposes to get the proper number in the new table, original rate times 1.054 equals new rate.

This will go into effect for all billings as of 10/1/22, which is the beginning of contract year two. Time sure does fly by! I am glad that year one was successful for both parties.

Thank you very much!
